## Many Thanks To You!

First, it is the main purpose of this card to express to all of you our sincere appreciation for your part in making this our best season.

The fine cooperation by many customers made possible the orderly handling of stock so that most deadlines were promptly met and buyers could handle stock to advantage.

On most stock items, digging developed an over-~~top~~ and those trees, too, have moved with unprecedented late selling.

By an over-estimate on Scotch Pine only, the first in ~~five~~ years, was there any serious shortage. And for that we are sorry.

The following are the only items remaining in worthwhile quantity:

	<u>Per 100</u>	<u>Per 1000</u>
Black Hills Spruce	X, 8-12 in.	22.50
Taxus Densiformis	X, 6-8 in.	50.00

The last of them were dug yesterday and are ready for immediate shipment. If you want either, please wire or call collect. Remaining stock will be transplanted by Thursday, May 16th, so call before the 15th, please.

The cold nights during shipping season helped more than ever before to hold stock dormant. Again, many thanks.

Call or wire collect: telephones 732, 123 or 48
